

Allied Milking Machine Vacuum Pump Oil

Allied Vacuum Pump Oil has been specifically formulated for vacuum pumps found the dairy industry.

General Description

Allied Vacuum Pump Oil may be used for all brands of rotary and piston-type vacuum pumps, such as Boumatic, Delaval, Surge, Universal and Massport. Allied Vacuum Pump Oil is ideal for milking machines, but also performs well in large vacuum pumps found in sump pumps.

Overview

Allied Vacuum Pump Oil is compounded with a special base oil, which provides excellent oxidation and thermal stability.

This base oil has a high viscosity index which will minimize viscosity change related to temperature variations. This base is enhanced with superior anti-wear additives, which control wear and extends equipment life. A special anti-foam agent promotes rapid break up of air bubbles, reducing air entrainment to promote better equipment performance.

All Allied products are formulated to meet, or exceed, all relevant industry standards. The chart below highlights the key protection and performance features and benefits provided by our **Allied Milking Machine Vacuum Pump Oil**.

Typical Properties:

ISO Grade.....	46
ASTM Grade.....	215
Approx. SAE Grade.....	15W
API Gravity.....	29.6
Flash Point, °F(°C).....	410(210)
Viscosity, cSt	
40°C.....	45.3
100°C.....	6.7
Viscosity, SUS	
100°F.....	211
210°F.....	48
Pour Point, °F.....	-20

*NOTE: Typical Characteristics are current as of the date of publication of this Technical Bulletin. This typical data cannot be guaranteed to be identical to the products produced at any specific time. The data provided in this publication are presented only as a guide to Allied Oil & Supply, Inc lubricant users.

The information on this Product Data Sheet is believed to be accurate and is typical of current production. Specifications are subject to change without notice. For additional qualifications, please contact your Allied Sales Representative.
